Winter Newsletter 2016

Dear Members

Driver and General Union are delighted to report that 2015 into 2016 has seen a doubling in membership and a steady influx of workers joining from various industries. Every day we aim to make a difference in the way in which we look after our members, not just in the workplace but in their day to day lives too which can have a big impact in the wider community. After all, unions should be about society as a whole and the right to allow workers to properly voice their opinions and grievances.

Driver & General union are committed to providing professional, Independent representation that has proven to work far more effectively for our members both in the workplace and at Employment Tribunals

If you know of a person in your work place that's in need of our help, please feel free to tell them of the assistance that we may be able to offer. Remember, it's YOUR union and with your help we remain strong.

Kind regards
Mr Simon Wickwar
General Secretary,

.....
Dear members,

This year the Driver & General Union have won some truly wonderful cases both in tribunal and workplace representations.

During these tough economic times, the D&G's opposition to workplace injustice still remains our strongest motivation. I'm immensely proud of the way that the D&G union will never simply give up or walk away without fighting for our members.

Membership continues to grow at an incredible pace but we will never become complacent because it is the concern and attention to detail given to each individual member that is just as important as tackling the broader issues.

Having already advised and represented a great many of you, I'd like to take this opportunity to say what a privilege it is to serve you and thank you all for making the Driver & General Union a continued success.

Kind regards
Carleton Maflin
Regional Secretary

We now have online membership application form which can be found at:
